Subject: Membership Application Drive for Fixed Term and New Casual Employees

Dear Members,

With the Christmas season upon us, I would first like to extend my warmest holiday wishes from our Local Executive Committee.

Our local is in the process of trying to reach our new fixed term members that were hired for the holiday season. Along with many of the discounts members can receive from the Group Affinity programs offered through OPSEU, it is important that all members sign a membership card. If you are returning from previous seasonal work we would still appreciate if you would re-apply and indicate on your application that you are a returning member.

OPSEU calculates our local numbers by year-end, therefore these applications have a deadline of **DECEMBER 21st, 2008**, as our local must deliver all applications to head office.

I will be making personal visits on December 20th and 21st to retrieve all completed applications. Any assistance from our members in ensuring we have all signed up would be greatly appreciated.

In solidarity,

A handwritten signature in blue ink that reads "Colleen MacLeod".
